

Future House STEAM Summer Camp Registration Form

Welcome and thank you for your interest in our Future House STEAM Summer Camp!

What will life on Earth be like a century from now? In our Future House Camp, students imagine and design their home in the year 2117. First, they study what daily life was like one hundred years ago, and then they consider how life might change one hundred years in the future. They study the writings of futurists, learn about new “smart homes” and consider what phones, stoves, sofas, televisions and cars might look like in one hundred years. Students use math, writing and presentation skills as they draw up an extensive blueprint of their future house, write a “Day in the Life” story about 2117 and work with geometric calculations as they design their blueprint. Time travel may not really be possible but our Future House students will find themselves in a different time and place!

Future House Camp will run during the weeks of June 26 – 30, 2017 in Victor, Idaho, and July 10 – 14, 2017 in Jackson, Wyoming. Future House Camp is open to students entering grades 6-8. Camp times for both age groups will be 8:30 am to 12:30 pm, Monday through Friday. The Victor camp will be held at a location to be decided. The Jackson camp will be held at the Jackson Hole Community School. Below you will find a registration form and liability release that will need to be filled out and emailed to jacksonholetutoring@gmail.com. Upon sending in your registration form, you will receive an invoice from Jackson Hole Tutoring with several payment options. A payment of \$250.00 will be due within two weeks of Jackson Hole Tutoring receiving your registration form. Please see below for more information regarding costs and payment. Your payment includes snacks to be provided throughout the week and all camp materials. You will receive an email within two weeks of camp start dates with more information.
